COMMUNITY OUTREACH

Providing health awareness
and educational resources to
the marginalized
communities

WHO WE SERVE

We serve the marginalized communities in the Wake County and surrounding areas. We work with underserved and low-income families and children. We are committed to breaking the barriers between healthcare and inequalities among race and ethnicities, social status, location, income and other health factors that can affect minority health. We also have a Liaison Division Chapter in Nyack, New York who extends the same services and resources to the communities in the area.

OUR MISSION AND VISION

Inspired Now Networks, Inc.'s mission is to fulfill unmet healthcare and social service needs of individuals and families in marginalized communities.

Our vision is that we will address minority health inequities head on and support and motivate the community we serve.

OUR GOAL

Creating a community health impact that helps reduce the health gap and increase educational achievement, financial health, life expectancy, happiness and more.
